3:00 Pm all starting their second rounds.

5:30 pm 33° and still raining. We are getting a couple of hours between treatments. I will be sending H2 and H3 home for rest, brining H5 in to work with H4 through the evening.

9:00 PM call from Brett, the heavy rain that moved through has caused icing all over again. Brett and Damon will both be staying on for another trip around town.

11:30PM call from Brett, rain has let up, sanding is holding. Will have them finish up treating and then head home for sleep.

4:30 AM Ronnie and Jeff in to treat all roads. It is currently 33° but the ground is cold and we do have icing occurring.

6:00 AM Tim in to treat all the walks.

9:00 AM all roads treated and all walks have been treated.
