

Hancock Recreation Committee
March 12, 2019

In attendance: Kristen Bernier, Megan Dodge, Emily Daniels

Absent: Cameron Dexter

Committee begins discussion regarding the necessary position to staff the summer recreation and waterfront programs. The following positions are identified and the committee recognizes the need for job description:

- Waterfront Director
- Rec Director
- Summer Rec Counselor
- Lifeguard

Until the town budget is finalized and voted upon, the requisite amount of staffing is not determined. The committee agrees that we need to prioritize the hiring of the summer recreation director. The committee intends to advertise in the Hancock Happenings and ask the town administrator to advertise in the Monadnock Transcript. They will also communicate via social media regarding job postings. The committee also agreed that it would be best to begin advertising for the summer rec program as soon as possible. They agree upon themed weeks. Emily says she has the old ad in Canva and can update it for use on social media.

Hancock Summer Recreation Program:

One of the concerns that was discussed was the matter of camper behavior. The committee indicates that a parent handbook with a code of conduct should be a required for parent's to provide signature as acknowledgement.

Dates: July 8-August 9th

Time: 9-3pm
