CALL TO ORDER: 3:30PM
Present: Tom Shevenell, Laurie Bryant, Dick Warner and Jack McWhorter

UNFINISHED BUSINESS: None
PUBLIC INPUT: None

Old Business
- Tom Shevenell reported on recent 1/24/2020 Cyanobacteria Monitoring Work Group meeting. The scope of work for the 2020 season was discussed.

New Business
- The 2020 BioBlitz is scheduled for July 11, 2020 for Norway Pond and will be under the auspices of the Commission, Harris Center, UNH Extension Service. An outreach was discussed for volunteers such as garden clubs, Boy Scouts, Lab Girls etc. The Depot will be used as BioBlitz Central.

- Tom noted that the testing for Cyanobacteria toxins in Bass and Pickerel had come up as negative with respect to bioaccumulation from the zooplankton, but they still want to test Perch.

- The 3rd Annual Norway Pond Symposium is scheduled for February 29, 2020 at the Harris Center starting at 9AM. Speakers include:
  1. Steve Arcone: *Why is there a Norway Pond? A Work in Progress*
  4. Lisa Donner: *How Does Norway Pond’s History Compare with Other Lakes and Ponds in Northern New England*

The afternoon will be taken up by workshops.

NEXT MEETING DATE: TBD
ADJOURNMENT: 4:36 PM
