Minutes of the Water Commission Meeting  
February 26\textsuperscript{th}, 2020

Attending:  Joel Chandler, Jeff Wilder, Sean Kerwin, Tyler Howe and Linda Coughlan, Recording Secretary

The commissioners held the meeting at the Highway Department since the small conference room at the town office was being used.

The commissioners discussed the pending water shut off date of March 23\textsuperscript{rd} for those with delinquent customers. Those customers had been notified of the shut off date by certified mail.

Tyler said he had spoken with Matt Miller, operator of the water system, who said the water meter at Juggernaut needs to be replaced. He had received a quote from AG Prescott for $1,281.73. The consensus of the commissioners was to have the meter replaced by AG Prescott at the quoted price.

The results of the DES 2019 grant program for water leak detection were in. The commissioners discussed what they would do with the results that indicated there were 5 leaks. The deadline for submitting the status to DES was March 16\textsuperscript{th}.

The commissioners determined that two of the leaks would be fixed with the replacement of 2 hydrants. They would meet with Matt to see what other maintenance needed to be done as far as rebuilding other hydrants.

There being no further business, the meeting adjourned at 5:30 p.m.

Respectfully submitted,

Linda Coughlan  
Recording Secretary
